**Wright's**  
A GOOD PLACE TO TRADE

## The Reason

We make these easy terms on sewing machines because there is no other way in which we can so effectively advertise the fact that sewing machines have been added to our stocks. We recognize the advertising value too, of having a great number of people come to our store weekly to make these payments, and in most every case the visitor to the store will make purchases in other departments—so that while we are giving our customers an opportunity to own a good machine on very easy terms, we are at the same time increasing our business by the visits of those who come to make their weekly payments. A 5c payment today will put a machine in your home Monday.

## CARPENTERS AT WORK ON NEW ICE HOUSE

Following a visit to this city by A. B. Apperson, general superintendent of the Denver & Rio Grande, and J. L. Thompson, superintendent of the bridge and building department, the order was given to build an ice house at once to protect the remainder of the 15,000 tons of ice stored in the building that was destroyed by fire yesterday afternoon.

All available carpenters were put to work on the structure this afternoon.

Frank Fouts, local agent for the road, stated that, while the building to cover the ice will be erected at once, the superintendents had not decided on the other buildings and will wait a few days being going ahead.

Mr. Fouts did not believe that the destruction of the storage buildings will have any effect upon the building of a new depot but said that the freight depot proposed is still under consideration.

IF THIS IS YOUR BIRTHDAY

You will make some change for the better, and if in employ you will win advancement. Responsibilities will be added, but with hard work you will be able to maintain your advantage.

Those born today will have the qualities that make for slow but sure advancement. They should be educated broadly, their special talents encouraged and guided. Narrow prejudice forced upon these children will blight their careers. (May 3.)

IF THIS IS YOUR BIRTHDAY

You will travel or move under unpleasant conditions or with poor success. Extra precautions concerning money and valuables will save you a loss. Games of chance will not favor you.

Those born today will possess natural talents, capable of development into sparkling wit and poetic fancy. Professionally they will shine, and with early and careful training in management and economy they will also succeed materially. (May 4.)

## GAS NEWS

MINIMUM CHANGED  
from One Dollar per month to

**\$12.<sup>00</sup> per Year**

Beginning May 1st, 1913 our minimum charge will be \$12.00 per annum instead of \$1.00 per month as heretofore.

This will enable many of our consumers to make a saving during the winter months when it is necessary to use coal ranges in order to properly heat the kitchen.

Gas bills will now be made out for the amount of gas used and should the yearly total not equal the \$12.00 minimum the last bill of the yearly service will be made for the difference.

Because of the change in minimum we will discontinue the practice of locking meters.
